

## **Some thoughts about my life.**

My name's Zhenya Trubnikova. I live in Perm, Russia. I live in a flat with my parents. I love them very much, because they are great. We are friends.

I haven't got any brothers or sisters, but I want to have them. I've got a cousin, named Irina. She is an eighteen-year-old student. I love her because she's pretty and kind. I've got lots of friends. They are the best friends in the world.

I'm fond of music and enjoy playing the piano. I'm a student at the Perm School of Music.

My normal day starts at seven o'clock. I have tea and go to school. I'm in the ninth form and have six lessons every day. My favourite subjects are Literature, History, English and Sport. I don't like Chemistry. After classes, I come home, have dinner and do my homework. Sometimes I have classes at my school of music.

In my free time I go out with my friend or play the piano. At weekends I stay in bed late, go to the movies, skate or just go for walks. My favourite films are "The Day After Tomorrow" and "2012". They are about the end of the world.

I'm very interested in reading books. I have recently read "Gold Calf". It's a very exciting and funny book about the great swindler Ostap Bender. Now I'm reading another book about this parsonage "Twelve Chairs".

I adore listening to different music. I like rock, jazz, classical and pop music. Luis Armstrong is my favourite singer.

In the future I'd like to travel around the world.
